

## The BP Refinery (Kwinana) Vacation Student Programme Summer 2004-2005

We are offering the following vacation employment opportunities at our Kwinana Refinery in Western Australia.

3-4 Mechanical Engineering students (2 positions are work experience in the mechanical workshop, not project exp.)

1 Instrument / Electrical Engineering student

4-5 Chemical Engineers

1 Chemistry or science student

2-3 Environmental Engineering students or Environmental Science students

1 Information Technology student

Information in relation to these projects will be supplied during the interview.

There is potential to extend vacation work for your final year university research projects.

Students should preferably be in their penultimate year.

### Employment conditions for vacation work:

Pay rate: \$680 per week for students in their penultimate year

\$630 per week for other students

Attendance: 38.90 hours per week

Other benefits: pro-rata annual leave paid

opportunity to learn from highly competent personnel

### Timing:

Applications close 13 August 2004.

Vacation employment is between 12 and 13 weeks commencing late November until mid February

### How to apply:

Please visit our website at [www.bp.com.au](http://www.bp.com.au) and click on the "careers with BP" link. You will be able to apply on-line by clicking on the "view current job" link. Please select the vacation employment opportunity you are interested in and follow the prompts. The only applications that will be considered are those that are lodged electronically on the above website.

It is important to note that most, and possibly all, correspondence in relation to this position will be via email.

Please ensure you attach a covering letter, resume and university results including **a copy of your 2004 mid year exam results**. The option to upload your documents will become available once you have completed the registration phases on the website.
