

Opportunity For Casual Work for IT Student in Perth office

Are you looking for a job to complement your degree and provide you with experience in a dynamic and challenging IT environment?

Macquarie Bank is one of Australia's most successful investment banks. The **Information Services Division (ISD)** is responsible for managing the Bank's technology infrastructure. This includes developing and deploying new systems, technologies and services as well as supporting and enhancing existing business systems. ISD is currently looking for a university student to work on a casual basis with the Remote Office Team in the Bank's Perth office. The position will provide you with an opportunity to build on your technical skills within a business environment and will involve:

- ? Run up and installation of PC's;
- ? Rebuilding PC's;
- ? Auditing and disposing PC's;
- ? Adhoc upgrades of software;
- ? Small project work;
- ? Adhoc support.

If you are a current university student looking to complete your degree no earlier than the end of next year in a computer-related or IT engineering discipline and you possess excellent communication skills and high levels of enthusiasm, we would like to hear from you.
