

Gain a deeper understanding

Shell Vacation Work Program

A paid placement at Shell gives you real responsibility and a chance to test yourself on genuine business challenges – not to mention a thorough insight into the company. To make sure you get the most out of your time with us, we will match your skills, abilities and interests to the best area of the business. Why not test your skills and test the water?

If you are a penultimate year Commerce/Business or Engineering student, please apply online by 31 August 2004.

Shell is an Equal Opportunity Employer.
